

Eastbourne College

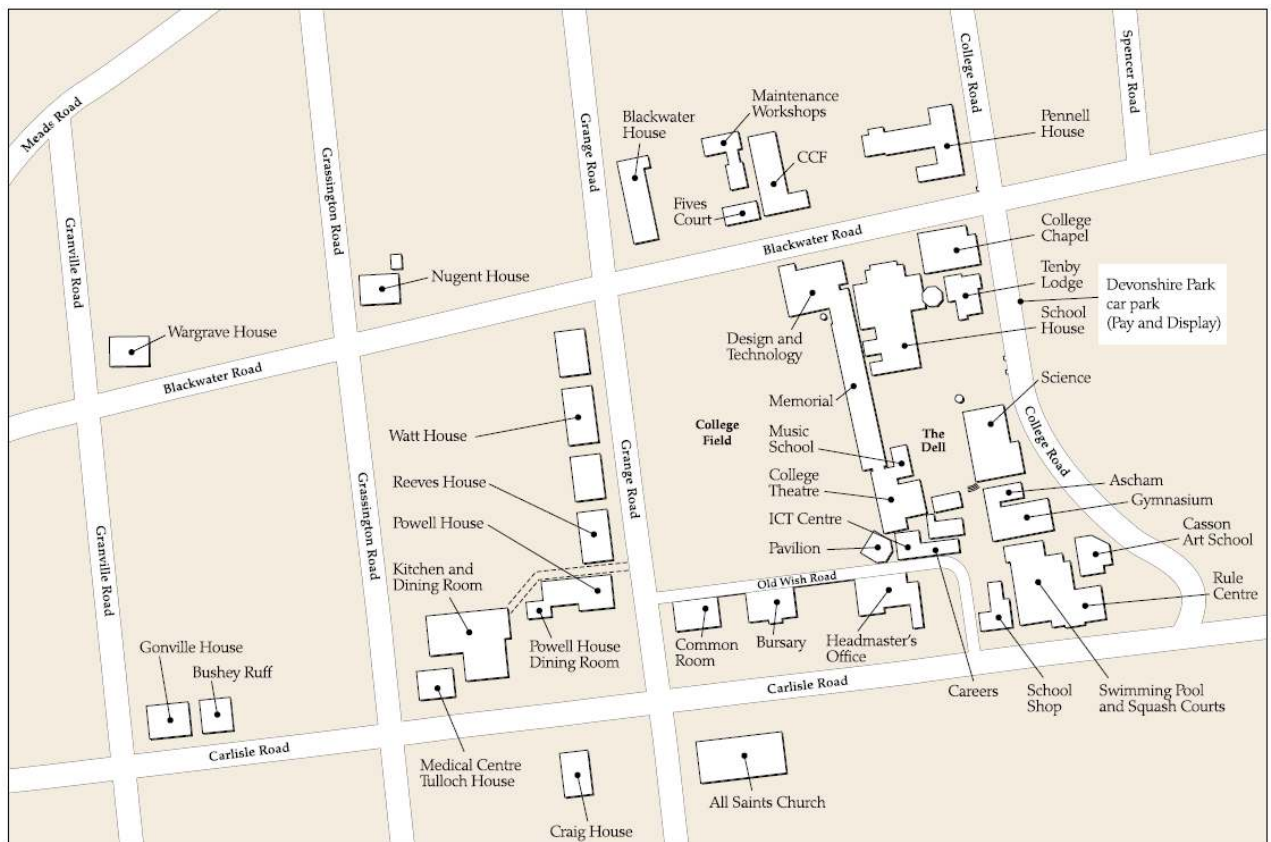

Eastbourne College is an independent (private) school for boys and girls between the ages of 13 and 18. The school aims to give a very full and rounded education.

There are currently 620 pupils at Eastbourne College. The school is rather expensive. A boarding pupil has to pay about 27'000 pounds (37'260 Swiss Francs) a year.

The pupils are either boarding or day pupils (310 boarders, 310 day pupils). They all have to wear a uniform and have to follow very strict rules (no jewellery, smoking is strictly forbidden, no chewing gums, short hair for boys etc.).

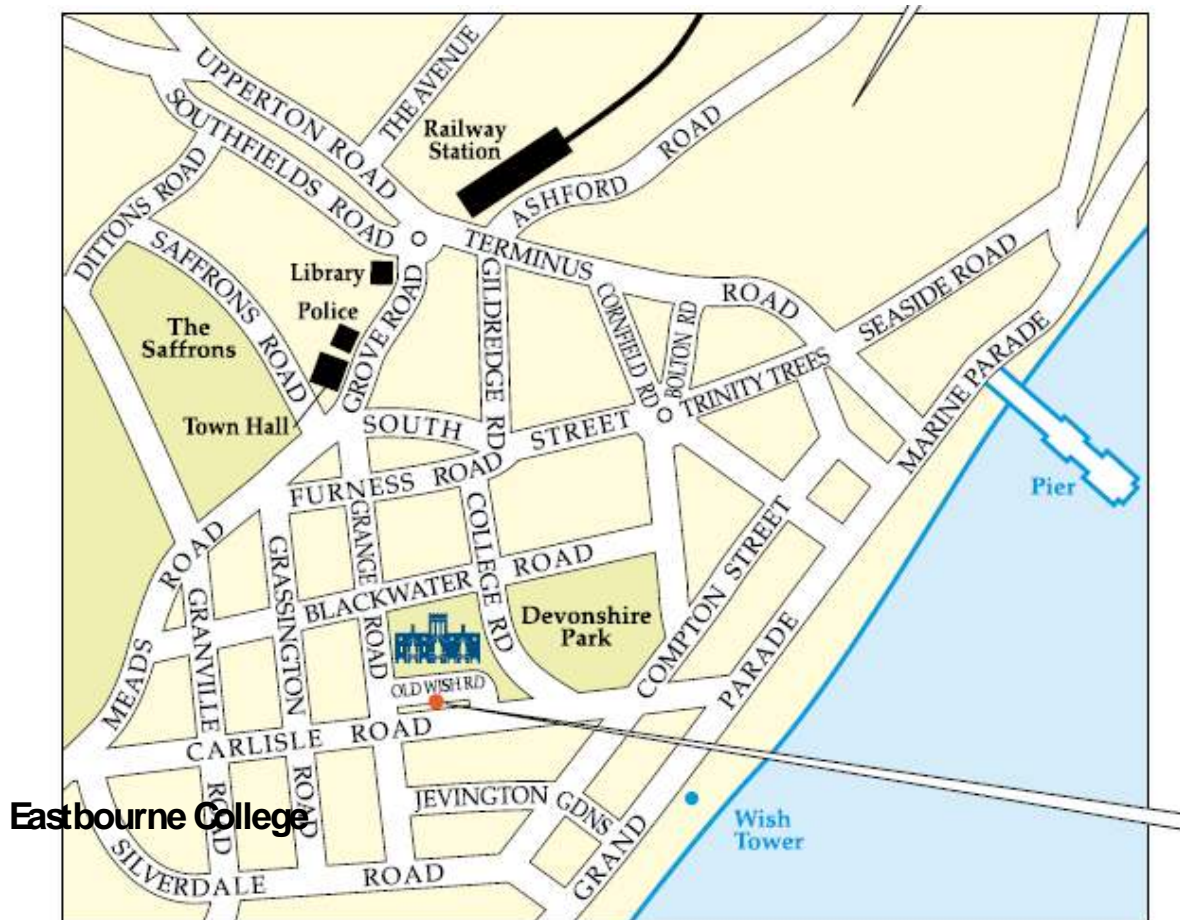

Pupils stay at Eastbourne College for three years and finish their studies with their A-levels exams. Most students then go on to university. They have lessons in the morning and in the evening. In the afternoon the students can choose between a number of extracurricular activities. Most students do sports in the afternoon (mainly rugby, cricket and hockey).

Every Monday afternoon students do the so-called CCF (Combined Cadet Force) which is a mixture of military knowledge and adventure training.
